

NPIC/D-155-63
5 December 1963

Dr. Charles Reichardt
Atomic Energy Commission
Germantown, Maryland

Dear Dr. Reichardt:

I would like to express my appreciation to you and the members of your organization who arranged and conducted a tour of the [redacted] on 18 and 19 November 1963 for twelve NPIC personnel. All those who were privileged to make this trip were very much pleased with the information derived from it, and they can be expected to resume their duties in the nuclear field with increased enthusiasm and efficiency.

STAT

It is felt that the success of this trip was due, in large measure, to the efforts of Mr. John Anderson of your office in planning the trip and coordinating with AEC and other officials during the actual tour. Mr. Tom D'Agostino of AEC Project Operations in Las Vegas should also be commended for his part in conducting the tour.

It is my hope that future trips of this nature, involving NPIC analysts in the nuclear field, can be as beneficial as this one -- thanks to the interest and cooperation of your organization and its very fine staff.

Sincerely,

Arthur C. Lundahl
Director
